Does anyone have/use a SPOT (Satellite Personal Outdoor Tracker)(

<http://www.mypilotstore.com/mypilotstore/sep/6636>)?

Modest 100-150 investment for the hardware and another 100 annual for communication service. it would give my wife peace of mind while I'm out by myself.

Good advice Alby.Gave one to the brotherinlaw ,he's a kayaker and goes in some crazy places.had bypass surgery as well.ACR makes a unit,\$350 or so, I don't think it needs an annual fee,I really think I'll get one for the boat,etc.

I'd say that not being macho and going it alone also would be my advice.
