It looks like the better part of this week is going to be well above freezing, so neshannock should open up by the weekend. Of the two Neshannock will definitely give you the better opportunity to catch holdovers pre-stocking. Slippery Rock gets pretty warm in the summer months and turns into a better Small Mouth fishery.

Stop at the Fly Shop right in Volant, tell them you're new to the sport and I'm sure they will point you in the right direction.

A tip on Slippery Rock - I've never thought too highly of the FFO Section - there is far better holding water upstream.
