YoughRiverGuide,

been a long time too...but I would hit the areas we were talking about. just walking the beaching and searching along with fishing the jetty. Back behind the C.G. station there are flats and channels to fish good for weakfish, blues, and flounder. back when i was there you could find an occasional puppy drum. there's a group of guys in Delaware who have a forum for that area, sorry can't remember the site...maybe a Google search..
