And the Greys is now happy in its new home, the formerly empty spot in a rod rack.

It didn't make it to the rod rack - it's going fishing with me tomorrow. 🐟

Nice rod - feels like a 4wt to me. I had the good luck to fish the very first 10' Streamflex in the US back in 2007. The owner was really impressed with it, and so was I. Wish I didn't wait so long to get one - should have bought one when they were first released in this country.

We'll see how much mojo is left in this thing A.S.A.P.

Thanks Gary!
