i can't say enough good things about the sporting gentleman in media.i stopped there on sunday on my way to
ridley creek .

i got to witness a parking lot casting session to zero in on line weight,of a seemingly unused payne.this rod
looked like it was brand new.a real payne,sheesh.

anyway barry,mary and the staff at the sporting gentleman are always very helpful ,but never pressure you into
a sale.i like that.

i wish there was a fly shop in PA that was like fat nancies up in pulaski NY.i love that shop.

i also wish there was a fly shop in philadelphia.preferably right in rittenhouse area. :}
