Youth waders needed.

My son is 9 years old and I would like to start taking him with me on the stream this spring. He needs a pair of waders or hip boots but with my limited budget I can't justify the cost of new when he will out grow them after 2 seasons or less. So does any one have any their child has out grown and need to find a home for? He is in a size 3 shoe now but will need a 4 soon. So i'm thinking a sizes 4 to 6 should work.

Thanks

Jeff

Sorry! I should have put this in the "Swap Forum".
