I would like to thank Heritage-Angler for setting up this mini jam . I had an absolute great time and gained a lot of knowledge. Great to put some faces with names. GFEN looked just like what I expected! Actually he helped me with a lot of things, along with Old lefty, JayL, Andy and many others that I am sorry can't remember their names. The instructors did a fabulous job. Old Lefty is absolutely amazing...went home and kept going over everthing he told me. My twelve year old son said okay Dad can you show me how its done the "right" way...I said I can tell you but show.....I dont' think so! (not yet anyhow!) Thanks again!
