4x, 5x, and 6x

For tippetts, yeah, those 3 are fine. For leaders you want some stuff much bigger!

For instance, I use maxima chameleon for much of my leader material. My butt section is 0.024" in diameter. For comparison, 0x tippet is 0.011, 1x is 0.010, 2x is 0.009, etc.
