YOU! Guys with some years under your belt... Are all these fancy movies a new fangled thing of the last few years, or has this always been going on?

No, its a serious question.

Also, have the people doing htis generally been of a look where young and edgy collides with outdoorsy hick, or is this some sort of modification of the extreme sprots astethic to fishing?

Also a real question.

Example? Sure!

[This guy](#) versus [this guy](#).

Is your sport being invaded by young, hip outdoorsy guys who drive jeeps* and grown rough beards to look impressive, or has it always been this way? In other words, fancy orange tech packs, high tech space reels, and giant purple streamers composed of multiple segments.

The guy who shows up in the still image when I look at Paco's OP is pretty much what I mean, too.

* - any similarity to someone you're thinking i'm making jokes at isn't intentional, i'm willing to lump myself into this group too
