I think you missed the intent in an attempt to be offended.

I'm just wondering how much longer before Discovery runs *SPEY: Life on the Swing* and the other Viacom affiliates partner up.

Environmentalism is hot property right now, young rugged soap stars with rough beards and edgy tattoos fishin', lovin', drinkin' and fightin' could really be something. Judy McGrath, call me, I've got a property to work with you. *Pacific Drift: Punk. Fly. Fight.* I think my former choice is better.

Still curious if this is just evolution or a definite movement, especially because I appear to be a superficial portion of said movement. Not sure if jam bands count, though. I don't think they're edgy enough to matter anymore. Will have to consult BWTF for assistance.
