Where to buy Bass Poppers??

I was just curious if any of you guys buy Bass Poppers? I know Flyfisher's Paradise has a nice selection of them, but was looking for other patterns as well. I've seen some made by Betts and Gaines, but are there any other companies mass producing poppers that aren't terrible quality? I've thought about tying/making my own, but until I buy everything I would need it would probably work out to be the same amount of money. Any suggestions would be appreciated. Also has anyone tried to modify "Spinning Gear" poppers for flyfishing?
