I got copy of, **The Compleat Angler by Izzak Walton** not long time ago from the library of Arthur William Riley 1897-1936 – lecturer in English in Columbia University and Coach of debating in Columbia Collage...!  
What about that? I haven't read this entirely yet. The first page of the volume said **ESSAYS**.

Yours is nicer than mine, but I paid \$4 for mine. :)

I had to go home and check the penciled price on the book, was a surprise to find a book vendor with it for \$150 or whatever.

Its sort of a chore to read, because the Englishe is ov a different era, but I really enjoy the look back in time to the genesis of modern fly fishin'.

Executive summary : Patriot and Green Weenie/Blueberry.

Not surprised. I'd actually like to buy this if I found it cheap enough, but having watched the man's seminar I'm not surprised by your summation.
