in pa, doesn't insurance only encompass those operating drift boats and the like? Are you sure a simplistic wading guide needs insurance?? Couldn't you have non-liability statements signed by the parties being served??

i thought you only had to have your cpr certification and the 100 dollar license fee?

When I was talking about insurance, I was referring to my area, Shenandoah National Park. I would guess that all the national parks would be the same, That may not hold true for the Alleghany National Forest. The Parks are under U.S. Park Service and the national forest are under U.S. dept. of acgriculture U.S. Forest Service.
