Groove: Will you accept responsibility for coffee on Saturday and Sunday morning? You don't have to be the first to wake up, but it would be nice if you can arrange to get Paul's urn and to bring your own. I can bring coffee cups, cream and sugar and the coffee itself. The pavillion has been rented for our use and we can probably have everything ready the night before so that the first to arrive can put the brew on and unpack the supplies. My cabin is a hop , skip and a jump from the pavillion and I usually wake up early, so if I'm not the first to get to the pavillion, I shouldn't be far behind.
