Wayne at Anglers Habitat in Idaho is the man. I got a TCX built, fished it for 3 months, told him it wasn't practical for where I fished. I sent the rod back and he gave me a 100% refund in shop credit! How can you beat that? He moves a ton of stuff on ebay.

Wayne is solid.

CLSports, I saw a Z-Axis in the bargain cave last year for \$300. I don't think its that unlikely.
