i know it is wrong to take a wild fish and it would be better if i didn't i probbaly won't.

You can't keep fish from any water other then ATWs now anyway...

So what does it matter if the wild fish are legal? Legal to what? Fish for?...A lot of us actually go out knowing we'll be catching 6 inch fish...Most (I say Most) people who flyfish with the intention of catching wild fish have no intention of harvesting them...
