How, or why did this thread take this turn?

Because PAFF doesn't do enough being a free resource for people to gather, talk, share and even sometimes meet face to face, so it must be bad. Matter of fact, the very topic of this thread, younger anglers taking a chance to come to some of the various gatherings to pick the brains of the more experienced clearly isn't doing a lick of good for the community at large and we should be ashamed of our leech-like drain on the good nature of the vast angling community.

Henceforth, I know I'm gonna pick daisies and hand them out to everyone with a house on a stream I fish, coz I larned that landowners want flowers.
