Well.... 4 letters explain the fishing in OC... B U S T!

No fishing was done surf side. The crowds were too big to do it during the day and it was closed in the evening. Planned to do some at Assetegua island on Thurs but it was so windy, where all the fisherman were the day before there were wind surfers. Fished bayside for about 15 min earlier in the week and had to head back. Did some crabbing for 2 days and that was fun. The first time out my wife and her sister were back at the condo and felt the earthquake and the 2nd time out they called us to say that all of OC was being evacuated due to the hurricane. It cut our vacation short a day and a half. Ohh well... October salmon will be here before you know it.
