room booked for 11-14 with ability to stay longer. I'm leaving out of Lancaster maybe Thursday night to get there by morning Friday. Anyone interested in joining is welcomed or if you're headed up around the same time and are staying at sunset I would be interested in joining you.

I would like to get a big vehicle or station wagon to do this but as of now I only have my pickup. I figure if I split room and gas with one other person it comes to \$178.00.

Looking forward to attending.
