I got clearance to fish Friday and Saturday. I'll either camp or split a room with someone Friday night. I should be in by 9 or 10 AM Friday morning and I'll stay for dinner Saturday.

I'm gonna go out on a limb here and guarantee the fishing will be better than last year. If its not you can blame me!

Ryan, I'm happy to take a small group on one or both days. I think you have my cell phone number.
