I purchased this rod recently, but have been gifted another 9wt that is comparably beautiful. I have never fished the salt, and do not feel the need to have 2-9wts, This Scott is brand new never used. Up to a couple months ago, these rods were going for \$350, but because of being discontinued are in the \$260 range.

I am looking for a trade. Particularly a 9ft, 5wt. Sage, Winston, Scott, Orvis Hydros, Legend Ultra. I dunno, something in that line of thinking.
