Good job Trow, I am keeping it anyways. After a week of busting my butt working, I had a couple minutes to get on PAFF after deciding, I did not really need it anylonger. Typed in Scott A3 9wt and came back with a ton of results for 270 or more. Further, I asked for a trade. I did not want cash. I pretty much explained that. Thats why my initial post stated TRADE. He asked me how much, I remember seeing what they were going for on the couple sites they were on and stated 250. Also, I said I was not sure of the warrenty AND DID NOT WANT TO GET INTO AN ARGUMENT OVER IT. YET, Bozo nut had to get all freaked out. I would rather smash the rod into little pieces then ever sell it to an idiot like that.
