I'm going to attend this, no doubt about it. I have all the gear except boot foot waders, so here's an excuse to buy some. Plus I may take a day or so off.

I've geared up for salt and only slightly fished it at OBX a couple times. I'm all for this; it'll give me some experience on where to go and what it's all about. So far all I've done is read up on it.

What kind of lodging is available in that area?

John
