BTW, Winston price increase 10/01. Get 'em while they're hot. I am still trying to figure out what all to load up on. 1 of each?

Don't you have one of each?

You know [Tom Morgan](#)'s rolling his own blanks now, right? Fiberglass, even.

Ya but they are a bit more niche market than even Winston. Low performance/high cost.

I don't have one of each. Actually I am not that robusto in rods right now. I am good in 4wts. Current:

No 3wt

8' 4wt BIIIx

9' 4wt BIIIx

10' 4wt BIIIx

9' 5wt BIIImx

no 6

no 7

no 8

10'6" 9wt Bob Popovic St Croix Legend Ultra (ya it's a brutal as you think it would be)

I need 6,7 and/or 8wts.

Probably 7. And would like to dump BIIImx 5wt and upgrade to BIIIx.

Then I need moar reels.
