Dear wg,

There are plenty of pickerel in Memorial Lake, the problem is getting to them. Much of the lake, especially the upper end where the pickerel are found, has a silty muddy bottom and it can be hazardous to wade.

If you have access to a boat you'll have an easier time. If you want to borrow a float tube and fins send me a PM, I live about 8 miles from the lake. I can provide the necessary PFD also, but I can't guarantee the fit because all of mine are 2X and 3XL.

Regards,

Tim Murphy 😊
