I have several rods I like for fishing the little Brookie streams. I have a 7'6" St Croix Avid 2 weight, a G. Loomis GL3 6'6" 3 weight, and my favorite a Sage TXL 7' 4 weight. They all work fine and all catch fish. The Sage works the best for all-around because I can nymph and streamer fish with it. 😊 The ultra-light weight rods are VERY fun to fish with. What more can I say! Try one.
