One of my personal favorites is "Presentation" by Gary Borger. Being a former professor, he has an amazing ability to put his teachings into words. I read the book over 3 times while I was in Iraq. He breaks everything down into its simplest form and puts it into words. It is a great book for beginners and serious trout anglers alike. It was only put into printing once so good luck finding one for under \$200 right now. I attended a small 4 person class with Prof Borger at the Somerset Fly Show and he informed me that he is looking into putting out a second edition of the book with more updated information.
