Stripahhhhhhhssssss,Steelies,and Salmon.

Aside from a lil wear this rod is really really a great rod,I love spigot ferrules an only three companies i know use em...Winston,Scott,and Steffen Bros.

Thanks also for the lil trick in figuring out how to get this stick in a sock down the tube.

This is my first big fish Spey, I have had a Gloomis Trout Spey for four going on five years,and i love using a Spey rod on big water.

I guess its time to get the big irons out an start blazin some speys and huge streamers to fish with this stick.

Again..... Thank you so much John.

I might have to get a bigger reel though My Billy Pate bonefish feels a lil light.

Look out Niagara Steelies you thought i ws a threat before...Ill be back.
