Tim,

We buy them from Quiet Times Fly Shop in Quarryville Lancaster Co. , for our Nursery. We keep four sizes on hand for volunteers to use if necessary. We have 12's if you want to try some on.

I really like them. They are like wearing bedroom slippers.

Or call Quiet Times and see if they stock them. They may order them for us when we get them.

Check the Fly Shops page at the bottom for their contact info.

Maurice
