PFBC looking for fishing easements

Attached is a "Pittsburgh Tribune-Review" article on the PFBC seeking easements for public access to fishing. Good news, but one point brought out in the article is that more and more landowners may say "show me the money" to grant public access. One solution mentioned was a tax break to landowners that allow public access. That would be a help, but that's not within the scope of the PFBC authority, it would be up to the legislature to pass a tax reduction bill.
