Wayne,

I grew up in Philly and spent some time fishing the Delaware at Point Pleasant. Moved to Perry County and spend a lot of time on the Juniata and Susquehanna.

Think this site <http://www.clouserflyfishing.com/fresflies.html> will provide a bunch of good info on warm water flys. I have one of Bob's books and it was money well spent.

Philly,

Gonna tie a couple of your's, they look pretty good.
