Hi Pat - Just an FYI...

whheff can't make it, as he just found out that his TU chapter is running an event the same day.

We should probably hold off on announcing which instructors are doing what topics, as I've received PM's from some of last year's instructors expressing interest in helping out. I've asked them to let me know what they'd like to do in the next two weeks, and I'll make an "official" announcement of the event, topics, and instructors at that time. We can always move things around, to a point - we're flexible. I'll call you before I make the announcement post, and we'll make adjustments as needed.

I can't begin to thank you enough for helping with this event - your ideas have made what I feel is a tremendous improvement to our program, and you're making things a ton easier for me. As far as I'm concerned, consider yourself co-organizer of this event.

Carry on - you're kickin' butt!
