Hey all, I've just signed up on the site today, so stop me if somebody's already brought this up, but at Ollie's (the bargain store) they've got a ton of books right now, collections of 19th and 20th century masters including Skues and Theodore Gordon. The books are published right here in PA, too. Stackpole Books is located, I think, in Mechanicsburg.

I picked up a couple books for a friend and myself. At the Ollie's in Butler, they're selling between \$3 and \$5. I know of the Ollie's in New Castle (Lawrence Co.), Erie, Altoona, and one near Chambersburg. Definatly take a look.

Also, check out the publisher: <http://www.stackpolebooks.com/>
