Dear flydog,

If a zipper is that important look at the new waders from William Joseph. With the \$ 410.00 you save you can buy a nice new fly rod, reel, line and some new wading shoes and still have money left over to put gas in your car to go fishing.

I'm making a metal note to avoid anyone I see with those G-4's. Anybody who would spend \$ 699.95 on waders must have a few loose screws. 

Regards,

Tim Murphy
