been years but I think there was a write up in the bucks county news papers. Lewis is the family that does the netting down there. Dave at daves one stop sporting goods might know more than me. I was working down there when i heard it.

here is one report of the trout

The reported catches are:

A 15.5-inch and 20-inch tiger trout from the Delaware River just below the wing dam in Lambertville.

A tiger trout from the Delaware River below the Yardley, PA boat ramp.

A tiger trout from the Delaware River at Lambertville, caught in Lewis' shad net.

A 6 lb., 25-inch brook trout from the Delaware River near the Old Wharf in Trenton.

thats all I have right now
