Received my copy for Christmas. Great read, packed with tons of information. IMO one of the best flyfishing books to come along in a while.

Im a big fan of the tippet rings but they are expensive. Anyone know a different source for these besides Feather-craft?

They sell them at the TCO Shop in statecollege I think they were \$5.00 and change. Just looked at the site trout_stalker has I noticed they are loose in the container the pack at TCO come on a holder that keeps them in place untill you tie on the leader. I'm not saying one is better than the other just now looking into them myself. At TCO you get ten and the holder,at the link above you get 20 for just a few \$\$ more but then you have shipping. I don't know six in one hand half dozen in the other I guess.
