CRB,

I noticed you're from ERIE, I grew up there.

I am wondering if you've heard anything about SRC leasing property on the Erie tribs?

I've heard some water close to you in Ohio (the Connie)) has been wrapped up and property on one PA eastside trib is a done deal. Also, a recently posted section of Elk and another westsider. I know that the PFBC is also pursuing these PA properties with their easement fund.

What do you know?
