That was me. I fished beat 1 on sunday morning. It was a decent beat and the fish were really spread out. I was pleased to hear I had the highest total for that beat with 14 fish scored despite the fridged conditions. Jimmy was a huge help. He stayed in the water behind me the entire 3 hours waist deep in that freezing water. Cool guy to boot. I owe you guys a beer!! LOL  
BTW that stone fly is a killer on penns.
