The best part of this is that sooner or later they will be teaching you stuff. I am trying to get my son into it and he seems to enjoy it but he has a problem of pulling the thread too tight and it breaks. I think it's Flyrod Chronicles that features an 11 year old girl Ellie Mae something or other and I'll be damned if she ain't good. That's what I hope for with my son because those little kid's fingers and eyes can do everything smaller than 22's when Dad's eyes are starting to fail.
