Sean He took that fly home and tied up a bunch for himself...If there is any advice I can give you guys for next year don't be afraid to bring some HUGE stoneflies with you. Size 8 or even 6. Jimmy and I fished together all day tuesday. We were on benner in the upper sections where the beats were. I can finally say that I had a 50 fish day in an afternoon. We were even fishing behind the pennstate flyfishing club. I am pretty sure we offered you a beer and declined!!!!!!
