Let me just do a little check on.....Amazing. Sulphurs are in full swing and the spinnerfall was disgusting. Further, hardest fighting fish I think I have ever encountered. The rainbows are like little Steelhead and peel off line like nothing. I had a 20+ rainbow that took me to my backing in like 5 seconds. I am greatly impressed with the cabins and fish. I am in cabin 3 and my wife would like to move in lol. Will do a full report when I get home.
