Great report. I want to head to WV and join you. Make sure you fish the upper canyon area. U may not be fishing the whole stream. U must wade or take the road over the mountain to access the upper stream. We stock our "biggest fish" on the upper property because it's better protected.

We are planning another giveaway for the dates of May 6 to 11, as soon as your report is completed.

Have you landed any tiger trout?

Harman's is stocking another 1200lbs of trout next week in preparation for our 3rd Annual fly fishing tourney the weekend of may 17, 18, 19.

Curtis Fleming host of Fly Rod Chronicles TV will be at the property filming the event. Maybe next year PAFlyfish can have a team in the tourney.
