i'll bet y were born in texas or yr parents were? i feel i have to tell a little story here. in the mid to lat 70's early eighties i went to work during a long layoff from the steel mill for a company doing exploration for gas and oil , our paychecks had AMOCO on them , we wer4e taking "inventory" under sec of interior James Wtt opened all fed property. I know first hand the horrible things that can happen form gas/oil problems , takes hundreds of years to fix m.....,don't try to bullshit an old bullshitter
