Just came back from a week on Penns Creek. We had great fishing until the rain came down and turned it to mud. We caught over a dozen 16-20 inch fish before the rain. We drove up to Pine Creek and had a great time with the March Brown hatch. One client got a 4 pound Brown on Pine. We also fish some mountain streams and a large Brook trout was caught, 16 inches. All in all it was a good trip, we just had to drive to find decent water to fish. Penns did come back to life on Friday night with Green Drakes coming off.

Photos of the trip can be found on the Sky Blue Outfitters website.
