What time are u done John?

Tough to say for the 2nd- There are some carpet guys coming in and I need to wait till they are done- I'm thinking early- mid afternoon.

For the 9th, I'm out by 1pm and could make a local stream by 2, but I'm thinking nothing much will be biting during the heat of the day.

I'm up for any location- LL, Valley, or Nesh- I'm able to not catch fish anywhere 😞
