Dear Rolf,

Nice dude, and to think I was going to bring beer on Sunday. I still will, but you ain't gettin' any! 🍺

Jack I like my Orvis waders. They are about 1 full size larger in a 2XL than the Simms 2XL kings that I have and I like them much better. The difference in comfort is night and day compared to the Simms, the Orvis waders actually breath. I should have bought Orvis bootfoot waders but I fell for the Simms hype. That won't happen again.

Besides, nothing says yuppie dork better than spending \$ 700.00 for a pair of rubber pants that you don't even need from mid-May to October. 🍺

Regards,  
Tim Murphy 😊
