Krayfish,  
Rio makes the Trout Lt in double taper, i bet youll like that better.

Personally i prefer a double taper Cortland 444, only two lines that are not double tapers that i also like,Rio  
Windcutter,and Wulff Triangle Taper.

for color i prefer Mint green, Peach, the The Triangle Taper comes in olive, bright steelhead orange,and  
traditional white, i prefer white or orange.

I prefer to tie nail knots, even that loop is hard on the guides.
