Thanks guys this fish was a beast. I wasn't really sure how big it was till I got it to the bank. DJ I sorta had an inkling that it was somewhere close but I really did not expect it to hit on the figure 8 I was just doing it for good measure. It was quite the rush. The worst part was having it hit with about 3 feet out of the tip top and having like 70 feet of line sitting at me feet and I knew I had to get this fish on the reel.
