I ran into an PBFC officer below the outflow in the middle of a blizzard in early March. Only time I've ever been checked there. He said he patrols everything in the Laural Highlands area. Dunbar Cr. to Laurel Hill Cr. That's a lot of area to cover for one person.

With the mid-Yough being such a large river and so much of it requiring foot/bike travel to access, even the occasional poacher would unlikely make much of an impact. Most of the places I've noticed CnR poaching are basically roadside pull-offs.
