Mine when I fished had small blue spots. Wink! :) When I was told that was impossible as their were none? I can't believe I didn't have to show a body. Another story another day. Just Huge fun memories fishing with Lefty was like fishing with my Son... I Caught 2 Brookies while being LEFT behind for better current but I caught both my small brookies all by my self with doubting eyes. No brookies here..my eye! Actually my hook? Gosh I may have a picture somewhere.

Anyway it was fun!
